

Medical Monitoring Project (MMP)

Statement of Informed Consent

Public Health Seattle and King County, together with the Washington State Department of Health and CDC, is doing a project to learn more about people who have HIV and the types of services they use and need. This information will help us improve programs to prevent other people from getting HIV and improve services for those who already have HIV.

You have been randomly selected from a list of people diagnosed with HIV. Participation in this project is voluntary. If you choose to *not* participate, your access to services will *not* be affected.

What participation involves:

If you choose to be in this project, we will ask you to complete a one-time interview and for your permission to collect information from your medical records. The interview will take about 1 hour. We will ask about your:

- medical past
- use of medical and social services
- sex practices
- use of drugs and alcohol
- (if you are a woman) reproductive history
- physical and mental health
- experiences with discrimination against people with HIV

After the survey, we will collect the following types of information from your medical records: illnesses you've had, medicines you've taken, and care you've received.

What you can expect from us:

All information you give us will be kept private and confidential. Your information will be linked to you only by a code number, and it will be kept in a locked file that only project staff can open. Your information will be grouped together with information from other participants so that no one will know which answers came from you. Information submitted to CDC cannot be traced back to you. Federal law protects the confidentiality of information you give to us.

If you answer the questions and agree to let us review your medical records, you will be given a \$50 check or gift card.

Things to consider

- If you like, we can give you information about local services and how to avoid giving HIV to others.
- Some survey questions may make you feel uncomfortable. You do not have to answer any questions you do not wish to answer.
- If you have questions or concerns about the project, today or in the future, you can call the King County MMP office at 206-263-1185.

Do you have any questions?

Would you like to participate in this project?
